

TIPS ON WINTER STORAGE

- 1 Drain all water from system and leave all taps open
- 2 Empty toilet tank and flush tank
- 3 Smear a little olive oil on toilet seal and leave open.
- 4 Close curtains not blinds
- 5 Smear olive oil on all window and door seals.
- 6 Leave all cupboards and doors open
- 7 Put a few bowls of salt around the caravan to absorb any dampness.

- 8 Batteries should be fully charged before leaving for winter
- 9 Keep all sink and shower plugs in plug holes to stop any bad smells escaping
- 10 Add a very small amount of anti freeze down waste pipes
